A DOUBLE WEDDING.

The Presbyterian Church at Mayslick the Scene of Brilliant Nuptials This Morning.

A double wedding occurred this morning at 10 o'clock in the Presbyterian Church at Mayslick. Miss Anna Pearce Clark became the bride of Mr. C. C. Hopper and Miss Ida Thompson became Mrs. John L. Shuff.

Of the couple first named the groom is a member of the well-known firm of Hopper & Murphy, jewelers, of this city. He removed here from Mayslick a few years ago, and has been engaged in business ever since. His success has been gratifying to his large circle of friends. The lovely bride whom he has won is a daughter of the late John Clarke, who was in his day one of the prominent and esteemed citizens of Mayslick precinct. The attendants were Miss Mollie R. Piper and Miss Nettie Berry, of Mayslick, and Messrs. P. P. Parker and E. H. Martin, of this city.

Of the other happy couple, the groom, Mr. John L. Shuff, is a prominent merchant of Jacksonville, Fla. He formerly lived at Cynthiana. The beautiful bride, whom he will take back with him to his home in the "land of flowers," is the only daughter of Mr. Henry Thompson, one of the successful tobacco dealers and farmers of Mason County. Among their attendants were Miss Ada Campbell, of this city, and Mr. W. H. Thompson, brother of the bride.

Dr. G. H. Holton, of this city; Dr. M. H. Davis and Messrs. R. P. Hopper, C. C. Clarke and Sanford Roff, of Mayslick; and Mr. W. H. Northcott, of—, acted as ushers.

The church was tastefully decorated for the occasion. The costumes worn were unusually rich and elegant.

Elder C. P. Williamson, of Richmond, officiated. Mr. and Mrs. Hopper left on the noon train to spend their honeymoon at Chicago and other points in the Northwest.

Something To Be Thankful For.

To-day has been set apart by those in power as a day for thanksgiving. Its observance is State and National, and the people throughout this broad land are enjoying a holiday. Let them enjoy it, and let each and every one return thanks for the many mercies a kind Providence has shown them.

THE BULLETIN is not ungrateful for the good things it has enjoyed since the last annual Thanksgiving. The past year has been a profitable one for the BULLETIN, notwithstanding it has faced bitter opposition throughout. It has enjoyed a good and steady business, and at all times during the past twelve months it has had but little cause to complain. And for all this, the BULLETIN is thankful.

THE BULLETIN's subscription list has grown steadily during the year. A few subscribers have dropped off, but more have come in to take their place and have been added to the list. This is another cause for thanksgiving on the part of the BULLETIN.

As a general thing those subscribers who were in arrears for their subscription have responded very promptly to the call made upon them. A few for some cause or other have failed to answer and are yet behind, but the BULLETIN is thankful that this class of its subscribers is so small, and trusts each will give his personal attention to the matter at once.

THE BULLETIN is thankful for the kindly interest manifested by so many of its friends and patrons in its welfare and prosperity, and will try to merit a continuance of same.

In conclusion the BULLETIN takes this time of general thanksgiving to express its grateful appreciation for the many favors received and to assure its readers that it will endeavor to do as well by them in the future as it has in the past.

Thought the End Had Come.

The recent atmospheric phenomenon was the source of many ludicrous incidents, especially among the more superstitious.

A farmer, whose name is withheld, had been in town that day but was enroute to his home in the eastern part of the county when the strange and sudden change came over the earth.

Some neighbors were with him, and they gazed with awe at the yellowish-red appearance of the sky. The farmer alluded to looked so long and so intently at the strange coloring of the clouds that most everything assumed the same hue. Suddenly the large flakes of snow began falling fast. In his imagination it too was of a yellowish-red coloring. He was now thoroughly frightened and turning to his companions:

"My God," he exclaimed, "it's raining brimstone. The world is coming to an end."
